

Welcome

The iPad is an amazing tool. It is very durable and has lots of internal and external protections. Don't be afraid to try things for fear that you will break it. We hope you enjoy using it!

KIT CONTENTS

- iPad (Generation 9) in protective case
- Charging cable (USB C to USB C)
- Power adapter
- User Guide
- End User License Agreement (on the back of this guide, please read before using the iPad)

IPAD OVERVIEW

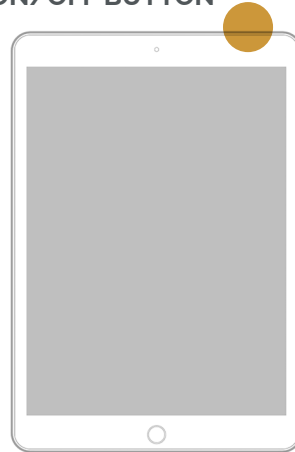

1. Front camera
2. ON/OFF/LOCK Button
3. Volume buttons
4. Home button/Touch ID
5. Rear camera
6. Headphone jack
7. Microphone

GETTING STARTED

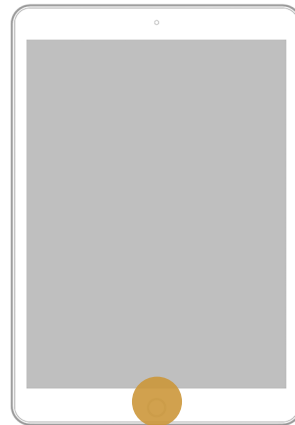

Press and hold the ON/OFF/LOCK button for 3 seconds. An Apple icon will appear and the iPad will start to power up.

ON/OFF BUTTON

SIGN IN

Press the Home Button at the bottom centre of the iPad to sign in and start your session.

HOME BUTTON

TRY IT OUT!

After the iPad completes the sign-in process, you will see the Home Screen with rows of images. Using the pad of your finger, tap on iPad User Guide on the upper left of the screen to learn how to use the iPad.

Or tap on any other image to start exploring other features.

NEED HELP?

Check out the printed user guide (under the iPad in the yellow case) and the e-learning module (iPad User Guide) on your Home Screen.

Don't hesitate to call or email Help Desk for further assistance.

WHEN YOU'RE FINISHED USING THE IPAD

Sign Out

- From the Home Screen, swipe down from the black bar, top centre to access the lock screen.
- In the bottom right hand corner, there is a Sign Out button. Tap that button.
- The iPad will ask you if you are sure you want to end the session. Tap End Session. This will end your session and any information you put into the iPad will not be saved.

Or turn the iPad completely off. This will end the session for you.

Press and hold the ON/OFF/LOCK button until you see the "slide to power off" screen. Slide the white and red "power off" circle to the right, maintaining contact with the screen.

ON/OFF/LOCK Button
